

FISCAL NOTE

HB 2144 - SB 2279

March 14, 2007

SUMMARY OF BILL: Requires sex offenders to provide Internet account information such as e-mail addresses, user names and aliases on the sex offender registry. Requires the Tennessee Bureau of Investigation (TBI) to include such information on the public website.

ESTIMATED FISCAL IMPACT:

Increase State Expenditures - \$18,000 One-Time

Assumptions:

- The Tennessee Bureau of Investigation (TBI) would need to revise the Registration Form to include the additional information regarding sex offenders' Internet account information. The database replication code that transfers the data to the public registry database would also require revisions. TBI estimates a one-time programming expense of approximately \$18,000.
- No fiscal impact to local governments or to the Board of Probation and Parole.
